

Stranger Safety Smart

A stranger can be a child, teenager, or adult that you do not know.

- 1 Never approach a car if a stranger calls you over.
- 2 If a stranger asks you to go somewhere with them remember these four things:
 1. Say no.
 2. Run away.
 3. Yell for help.
 4. Tell your parents or another trusted adult about the stranger right away.
- 3 Never go anywhere with a person, even if you know them, unless a parent or guardian has given you permission.
