Education including RSE

#EverythingIsPossible

*For with God, everything is possible
(Matthew 10:26)*

Through our continued service to our community and rooted in our Christian Values, the opportunities we provide, inspire our children and adults at our school to learn, to grow and to flourish. We are committed to developing our children into confident individuals who make a positive difference through developing a respect for themselves, each other and the world around them.

*For with God, everything is possible.
(Matthew 19:26)*

Our PSHE curriculum develops children personally, socially and morally for Christian lives lived now and in the future to embrace the challenges of creating a happy and successful adult life where they flourish. They will gain knowledge that will enable them to make informed decisions about their wellbeing, health and relationships and to build their self-efficacy. They will develop the capacity to make sound decisions when facing risks, challenges and complex contexts. We understand that everyone faces difficult situations in their lives: our PSHE curriculum supports our children to develop resilience, to know how and when to ask for help, and to know to access support.

Spirituality at Queen's Park

The spiritual development of our children is a priority across all areas of the curriculum. At Queen's Park CE/URC Primary School, we define spirituality as connecting with ourselves, others, the world and God, through whom, everything is possible (Matthew 19:26).

We explore spirituality through our Spiritual Capacities (our Spiritual C's) which are curiosity, creativity, compassion, captivation, consciousness, being courageous contributors and having opportunities to contemplate.

We understand the importance of both planned and spontaneous opportunities in all aspects of our CROWN Curriculum. This is evidenced in our class reflections book, through 'spirituality in the spotlight' and through speaking to our children.

Our Five Crown
Principles

Challenge

Resilience

Opportunities

Wellbeing

Knowledge

Our five Crown Principles drive our PSHE curriculum.

Rationale for our PSHE Curriculum

Challenge

Through the 'challenge' curriculum driver we want our children to feel empowered to face any challenge within their lives, now and in the future. Our PSHE curriculum is driven by potential and inevitable challenges that they will encounter. As well as challenging them with the statutory guidance, we challenge the children to explore issues that are affecting them personally - using local health data and consultation with staff, parents and children.

Resilience

Through the 'resilience' curriculum driver, we carefully plan difficult discussions and topics to develop children's resilience. Our PSHE curriculum allows children to understand emotions and strength of character to have the confidence to make decisions in life. We aim to prepare children for difficult times in their lives and empower them to make choices, to know how and when to ask for help, and to know where to access support in order to support their wellbeing.

Opportunities

Through 'opportunities', we raise aspirations to broaden our children's horizons. High quality, evidence-based and age-appropriate teaching of PSHE can help prepare pupils for the opportunities, responsibilities and experiences of adult life.

Our PSHE curriculum offers a range of experiences and visitors which are well-embedded at Queen's Park. Working with external

#EverythingIsPossible

organisations enhances our delivery of PSHE, bringing in specialist knowledge and different ways of engaging with our children. Through careful planning, we have chosen key visitors such as Talking Teeth, Debt Aware, Money Matters, Drug & Alcohol team etc. Planned excursions such as Crucial Crew and Junior Road Safety are also well-established at Queen's Park. We want our pupils to have a clear understanding of how to use these learned skills in the future.

Wellbeing

Our children's wellbeing is at the heart of our PSHE curriculum. At Queen's Park, we understand that happiness is linked to personal growth, health and development. We ensure our children are happy, healthy individuals. Skills to promote wellbeing are taught explicitly in our PSHE curriculum. We develop our children holistically by dedicating time to all statutory areas of the PSHE curriculum and the Keeping Children Safe in Education document (2023). All our teachers teach with sensitivity and a strong awareness of our cohorts. Our PSHE curriculum focuses on teaching the characteristics of good physical health and mental wellbeing and we are clear that mental wellbeing is a normal part of daily life, in the same way as physical health.

Our PSHE curriculum teaches our children the benefits of hobbies, interests and participation in their own communities. We make clear that people are social beings and that spending time with others, taking opportunities to consider the needs of others and practising service to others, including in organised and structured activities and groups, are beneficial for their health and wellbeing. At Queen's Park, we support this by offering a range of extra-curricular activities for our children to take part in.

kNowledge

Through the 'kNowledge' curriculum driver, we encourage our children to be resourceful learners. It is uniquely challenging and coherent to our children. PSHE is embedded in every subject so is always built upon. Children are always encouraged to draw upon knowledge and skills learnt in PSHE at any given opportunity during the school day. We aim to provide our children with a sound

understanding of risk and with the knowledge and skills necessary to make safe and informed decisions in their lives.

All our teachers teach with the aim to ensure pupils have sufficient knowledge to progress through primary school and beyond.

Being a Queen's Park Citizen

Being a Queen's Park citizen means that disciplinary and substantive knowledge complement each other harmoniously. Substantive knowledge in PSHE is threaded throughout each strand - the substantive knowledge for each strand is progressive. Disciplinary knowledge in PSHE are the social and emotional skills acquired, and the interpretation of themselves and how to support themselves and others through changes. Reading is the 'beating heart' of our PSHE curriculum. We cover a range of texts to enhance each strand of our curriculum.

Intent

PSHE Long Term Plan

For with God, everything is possible

PSHE Long Term Plan

Our PSHE curriculum is delivered through purposeful connections between a PSHE strand and a subject area. In some instances, PSHE is explicitly taught. Visitors, outside agencies and specialists deliver some of our PSHE curriculum sessions. We have whole school focus days to enhance PSHE at Queen's Park.

The expectations of the Relationships, Sex and Health Education (RSHE) guidance are taught throughout our curriculum but are specifically covered in the Relationships and Changing Me topics.

Age Group	Being Me in My World	Celebrating Difference	Dreams and Goals	Healthy Me	Relationships, Sex and Health Education
	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer (1/2)

#EverythingIsPossible

Progression in PSHE

Progression documents

Our progression documents have been created by the Curriculum Leader and PSHE Subject Leader to ensure clear progress in **taught knowledge and social and emotional skills**.

The progression documents show key knowledge (substantive knowledge), key vocabulary and key social and emotional skills (disciplinary knowledge) and assessment outcomes from EYFS – Year 6.

This is an example of progression within one unit of work.

For with God, everything is possible (Matthew 19:26)

Being Me in My World						
Overview						
EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Children learn about how they have similarities and differences from their friends and how that is OK. They begin working on managing and managing their feelings, identifying different areas and the reasons these are there. The children learn about working with others and why it is good to be kind and use gentle hands. They discuss children's rights, especially linked to the right to learn and the right to play. The children learn what it means to be responsible.	Children discuss rights and responsibilities, and choices and consequences. The children learn about being assertive and how to make everyone feel safe in their class as well as recognising their own safety.	Children discuss their hopes and fears for the year ahead - they talk about feeling nervous and recognising when they should ask for help and when to ask. They learn about rights and responsibilities, how to stand assertively, how to listen to each other and how to make their classroom a safe and fair place. The children learn about choices and the consequences of making different choices.	Children learn to recognise their self-worth and identify positive things about themselves and their achievements. They discuss how challenges and how to face them with appropriate growing. The children learn about the need for rules and how these relate to rights and responsibilities. They explore choices and consequences, working collaboratively and using things from other groups parts of them. The children learn about different feelings and the ability to recognise those feelings in themselves and others.	Children explore being good at a team. They talk about attitudes and actions and their effects on the whole class. The children learn about their school and its community, who all the different groups are and what their roles are. They discuss democracy and link this to their own School Council, what its purpose is and how it works. The children learn about going with the different rules groups are from, how to make positive contributions, how to make assertive decisions and how to deal with conflict. They also learn about considering other people's feelings.	Children think and plan for the year ahead, goals they could set for themselves as well as the challenges they may face. They explore their rights and responsibilities as a member of their class, school, wider community and the country they live in. The children learn about their own behaviour and its impact on a group as well as choices, mistakes, choices and the feelings associated with each. They also learn about democracy, how it works and how they can contribute towards it.	Children discuss their year ahead, they learn to set goals and discuss their fears and worries about the future. The children learn about the United Nations Convention on the Rights of the Child and that these are not met for all children worldwide. They discuss their choices and actions and how these can have far-reaching effects, locally and globally. The children learn about their own behaviour and how their choices can result in rewards and consequences and how they feel about this. They explore an individual's behaviour and the impact it can have on a group. They learn to talk about democracy, how it

Vocabulary

Vocabulary is V.I.T.A.L in PSHE

Valued

We value vocabulary in PSHE and in everything we do.

Identified

Specific vocabulary is identified by the PSHE subject leader and is explicitly planned for.

Taught

Vocabulary is explicitly taught in every lesson. Our Crown Planners are used as a teaching tool for key vocabulary and the PSHE medium term plans include additional vocabulary to be taught. This is also shared with parents/guardians.

Applied

Once vocabulary is taught, it is applied. Children apply their vocabulary in their speaking and listening, writing and assessment outcomes in PSHE. We want our children to have a varied vocabulary to use when talking about their own and others' feelings.

Learned

Vocabulary is revisited and relearned. Vocabulary sticks in the children's long-term memory. Lesson by lesson, year by year, children revisit and relearn key vocabulary.

Early Years Foundation Stage

Through an 'explosion of experiences', our youngest learners are exposed to the foundations of their learning in PSHE. Carefully planned knowledge, skills and experiences are provided for our children. High quality books, stories and rhymes are the beating heart of our PSHE curriculum in EYFS. Key vocabulary is planned for. Staff are role models in demonstrating PSHE vocabulary and this is further enhanced in our excellent provision. The foundations of learning in PSHE and SRE EYFS is linked to Year 1 and beyond.

Year 1 to Year 6

Year on year, children will build upon their skills enabling them to really know and value who they are and understand how they relate to other people in this ever changing world. The curriculum leader and PSHE subject leader have created a unique, spiral and progressive learning journey through PSHE. Careful curriculum thinking and planning ensures that our children have the subject knowledge and components embedded in their long-term memories.

Implementation

Pedagogy

Both our staff and children are enthusiastic about **PSHE**. Through ongoing CPD, we strive to ensure our teachers have **expert knowledge of the PSHE they teach**. Our pedagogy is firmly based upon our curriculum intent of embedding concepts into long-term memory so that they are able to be recalled, to ensure substantive and **disciplinary knowledge** and skills can be applied fluently.

Our 'Queen's Park Quality First Teaching' model ensures that lessons are effectively sequenced so that new knowledge and skills build on what has been taught before and towards defined end points.

Lesson Structure

The **sequence of lessons** across **PSHE** follows the same structure:

Each lesson, within the sequence, follows the structure so prior knowledge is constantly revisited and transferred to long term memory.

Phase 1 - Revise

- Spaced Retrieval Lesson Starter - key knowledge revision
- Reference to key question
- Vocabulary (some will be tier 3 - subject specific words)
- Crown Planner and PSHE charter (groundrules) shared

Phase 2 - New Learning

- Ice breaker activity
- Queen's Park Quality First Teaching
- New knowledge taught
- New skills taught
- Crown Planners to be used as a point of reference

Phase 3 - Review

- Revise and review - knowledge and vocabulary
- Formative assessment / low-stakes quiz

Crown Planners

Our Crown Planners support our children with vocabulary and key knowledge for each unit of work. They enhance children's understanding of key concepts, present information clearly and promote appropriate discussion.

Queen's Park CE/URC Primary School - Crown Planner

Year group: Year 3

Subject: PSHE

Term: Spring 1

Unit title: Self Esteem

Crown Curriculum Principles			Core Christian Values			British Value Links		
Challenge	Resilience	Opportunity	Love	Forgiveness	Trust	Democracy	Rule of Law	Mutual respect
Wellbeing		Knowledge	Respect	Honesty	Hope	Individual Liberty		

Whole School Quality Text
(based on postcode health data)

Ruby's Worry by Tom Percival
The Huge Bag of Worries
By Virginia Ironside

Year 3 Quality Text
(based on CPOMs data)

'I like Myself' by Karen Beaumont

Key vocabulary

valued	consider (someone or something) to be important or beneficial; have a high opinion of.
acknowledge	recognise the importance or quality of.
affirm	to declare something publicly.
aspirations	a hope or ambition of achieving something.
solutions	a means of solving a problem or dealing with a difficult situation.

Key learning:

- I recognise my worth and can identify positive things about myself and my achievements
- I can set personal goals
- I can face new challenges positively, make responsible choices and ask for help when I need it
- I can identify a dream/ambition that is important to me

Impact

We understand that we may not see the true impact of our PSHE curriculum on our children as our PSHE curriculum is just the beginning of a lifetime of learning.

Our well-constructed and well-taught PSHE curriculum, once embedded, leads to great outcomes and contributes to positive behaviour and attitudes of our children. For example, relationships is a 'golden thread' within our curriculum. The starting point is nurturing a positive relationship with self to grow a sense of identity and self-esteem within individuals. Children learn about rights and responsibilities to themselves and others. They develop a high degree of empathy and social skills. In the 'Being Me in my World' and 'Dreams and Goals' units, students focus on their attitudes towards learning, motivation and resilience. The 'Celebrating Difference' unit explores differences across the spectrum of global society, prejudice and discrimination, acceptance and understanding. Anti-bullying is also a core focus in this particular unit.

Students are also equipped with a range of strategies to safeguard themselves and others, and to know how and when to access support. Critical thinking, in units 'Dreams and Goals', 'Celebrating Difference' and 'Relationships' provides pupils with the skills to assess different situations and scenarios. They can then act and behave appropriately affording respect towards others and upholding theirs and others' rights. The impact of this should be pupils wanting to come to school as they feel safe and valued.

We ensure all groups of children are given the knowledge and cultural capital they need to succeed in life. We strive to ensure that our children are equipped with the skills (through a growth mindset approach) to fluently be able to retrieve key facts from their semantic memory and apply the skills to their own lives.

The quality of our children's work, at every stage, is of a high standard. All learning is built towards an end point and at each stage of their education, we prepare our children for the next stage.

We ensure all our children read to a stage appropriate level and fluency. Reading is the beating heart of our PSHE curriculum. Through disciplinary

literacy in *PSHE lessons*, the impact of reading on the children's learning is paramount.

The impact of Queen's Park *PSHE* curriculum is measured through the following:

- Assessment at the end of each unit of work (formative or summative)
- Vocabulary and knowledge are assessed at the end of each lesson and at the end of each sequence
- Pupil voice
- Progress evident in children's books and record of experiences
- Seeking views of parents where appropriate
- *The behaviour and attitude of our pupils*
- *Students are also equipped with a range of strategies to safeguard themselves and others*
